By Rita Davis

Maynor Heating & Air Conditioning, Inc. is a full-service heating and air conditioning company providing quality services for residential, commercial and multi-family spaces, including retirement communities and student living.

Serving the greater Triangle area since 1996, Maynor Heating & Air Conditioning offers residential new construction, add-on replacement, repair and maintenance, and specialty services that include energy-efficient and sustainable equipment options: Geothermal, Ductless Mini-Split, and Variable Speed heating & cooling.

In April of 2020, Maynor Heating & Air Conditioning, Inc. acquired Accu-Air Heating & Air Conditioning in Durham on Comfort Lane. Open since 1989, family-owned Accu-Air's reputation for personalized service and quality workmanship built a reputation of excellence in Durham and the surrounding area. Accu-Air owners Larry and Bonnie Lee remain a part of the professional and experienced Maynor/Accu-Air Team.

"Our Senior Management Team here at Maynor has 225 years of combined experience. That experience is invested in our employees through on-site training and team building. We are intentional at helping our employees reach their goals/dreams."

As an essential service provider during the pandemic, Maynor Heating & Air Conditioning, Inc. has policies and procedures in place to protect their employees and customers while remaining open. "The pandemic has not had a detrimental effect on our goal of keeping our customers comfortable, happy and safe."

Locally-owned, non-corporate, and employee-centered, Maynor Heating & Air Conditioning takes pride in providing expert attention to detail and personalized customer service. "We enjoy exceeding our customers' expectations and finding ways to improve their comfort, air quality, and energy efficiency in an affordable, cost-effective manner. We put our customers first and hang on to our old-fashioned values."

Maynor Heating & Air Conditioning, Inc. has won the CP&L Blue Ribbon Quality Dealer Award and the Angie's List Super Service award.
